

Premium-12 Slice Cut Fence Staples

PRODUCT DESCRIPTION

Get superior holding power that lasts longer, with Bayonet Premium-12 Slice Cut Fence Staples.

These high quality New Zealand made fence staples have a medium Zinc Aluminium coating providing up to twice the usable life of galvanised staples. They're the obvious choice to avoid staple failure, particularly

in coastal areas or regions where chemical sprays are prevalent.

Bayonet Premium-12 Fence Staples have opposing slice cuts that make the staple splay and twist when driven, providing superior hold even in softwood posts. Choose from our range of barbed or plain staples, all supplied in convenient re-sealable plastic buckets.

FEATURES

- High quality New Zealand made staples, with a medium Zinc Aluminium coating.
- Consistent shape for ease of driving and clean entry into post.
- Opposing slice cuts cause the staple to splay and twist when driven, providing superior hold even in softwood posts.
- Available in plain or barbed variants.
- Barbs further enhance the staple's staying power by keeping it firmly anchored even if the post dries and splits.
- Medium Zinc Aluminium coating delivers twice the usable life of galvanised staples.
- Supplied in convenient 500g, 5kg or 20kg re-sealable plastic buckets.
